Iris

THE RAINBOW'S RIVAL

Plant as early as possible
for bloom next season.

Evans Iris Gardens

P. O. Box 4011

CLEVELAND 23, OHIO

DEAR CUSTOMERS AND FRIENDS, EVERYWHERE,
THANK YOU! Your response to our 1952 offerings was most pleasing. We hope you will be rewarded with lots of first year blooms when the flowering season arrives.

Our garden has been moved to a larger tract where we are expanding activities to better meet your future requirements. The soil is Northern Ohio's fertile heavy clay loam, and with generous applications of bone meal and thorough cultivation should produce many fine rhizomes.

An invitation is extended to you and your friends to visit the gardens at 6690 Wilson Mills Road in Mayfield Village, just east of S.O.M. Center Road, and about fifteen miles east of Cleveland Public Square. Peak bloom is usually expected about the first week of June. Do come.

Clarence and Mary Evans

* * *

TERMS OF SALE

Check or money order with your order for rhizomes, please. If you must send currency, be sure to send it registered mail.

Ohio residents should add the 3% State sales tax. No tax on shipments to points outside Ohio.

Orders for \$3.00 or more will be shipped prepaid. On orders for less than \$3.00 please add 35c for packing and shipping expense. Exception: orders for \$3.00 that qualify for early order discount.

Discounts:—

On orders for \$10.00 or more you may deduct 10%.

On orders for \$30.00 or more you may deduct 25%.

For Early Orders

If your order is post-marked before June 15th you may deduct an additional five per cent (see page 3 for further explanation). These discounts may be applied to all items in this catalog except the "Starter Collection" shown on page 3.

The prices in this list supercede all previous quotations.

Shipping season starts July 5th and ends Sept. 10th. We will try to ship on any specified date but would appreciate a few days leeway. Where no date is given we will ship in order received.

We will not substitute unless requested by you. If unable to furnish a variety we will refund your money promptly.

STARTER COLLECTION

These seven outstanding prize winners will provide a beautiful range of color in any garden. They have been selected particularly for those who are just becoming interested in iris, or for use as a gift package to some of your gardener friends.

GREAT LAKES (light blue), WABASH (white and violet), GOLDEN MAJESTY (golden yellow), GUD-RUN (white), SABLE (dark blue-violet), CHINA MAID (pink blend), and MISSOURI (medium blue).

One each, labeled, for \$3.00. Three each, labeled, for \$7.50 postpaid. Sorry, no further discounts on this group.

No other collections are offered. No pictures, just the best rhizomes we know how to grow. We prefer to extend extra discounts, (see terms) and let you make your own selection of varieties.

GARDEN CLUB ORDERS

Several members may group orders to enjoy the extra discounts. Ask for extra order forms so you can give name and mail address of each member with their selection of varieties. We will then handle same as if ordered direct, that is, we will acknowledge and ship direct to the member. The only condition is that all orders must come to us in one envelope with a listing-sheet summary signed by an officer of the Garden Club. While this will cost us extra, we are glad to provide this service that the rhizomes may arrive in better condition and without delay.

SPECIAL EARLY ORDER DISCOUNT

Early orders help us in making our shipping schedule. In return, we are pleased to pass on to you an extra discount on all orders post-marked before June 15th. Here is how this discount should be applied. Prepare your order in usual manner and take five percent from the total. This will make our discount schedule for early orders read as follows:

On orders for exactly \$3.00 less 5%. Delivered, no penalty.

On orders for \$3.00 to \$9.99 less 5%.

On orders from \$10.00 to \$29.99 less 10% and 5%.

On orders of \$30.00 and over less 25% and 5%.

As Ohio State sales tax is based on net amount of purchase, Ohio residents should figure the discounts first and then add the 3% sales tax.

ABBREVIATIONS AND DEFINITIONS

R.H.S.	Royal Horticultural Society, London, Eng.
I.S.(E)	Iris Society (England)
A.I.S.	American Iris Society
S.N.H.F.	Societe National d'Horticulture de France
A M	Award of Merit
C M	Certificate of Merit
D M	Dykes Memorial Medal
F C C	First Class Certificate
H M	Honorable Mention
H C	Highly Commended
S.	Standards - The three upright petals
F.	Falls - The three drooping petals
L. Int.	Low Intermediate - less than 18" high
Int.	Intermediate - 18" to 29" high

AMOENA: White or tinted white standards with colored falls.

BICOLOR: Light or medium standards and deeper contrasting falls.

BITONE: Two tones of the same color.

BLEND: Combination of two or more colors, one being yellow.

PLICATA: Stitched or stippled margin color on light background, (white, yellow, etc.)

SELF: A flower of uniform color throughout.

SUBSTANCE: Thickness of petals.

TEXTURE: Finish or sheen of the petals.

VARIEGATA: Yellow or near yellow standards with deeper colored falls that may be veined or have solid tones of brown, purple, or red.

* * *

When this little booklet has served your purpose, please pass it on to another flower lover; or, better still, send us names of those you think would like to receive a copy. We'll mail promptly.

* * *

Only clean, healthy rhizomes will be shipped. Growing habits of varieties are not always the same, and some rhizomes may be much smaller than others. Extra large rhizomes may not always be best; health and firmness are much more important.

General Listings

After the name of the variety, in parenthesis, is shown name of originator and the year registered. Next, blooming season: E, early; M, midseason; L, late; VL, very late; followed by average height of bloom, in inches. After the color description is listed special awards of iris societies.

Snow white with touch of gold at throat. Beautiful. HM '42	

OLD TIME FAVORITES

Here we list some of the older varieties which are still in popular demand. Do not let the low price mislead you. These are good iris and will provide fine flowering clumps. The low price is made possible because they have been on the market for a longer time and are in generous supply. Each rhizome will be properly labeled. Purchases in this group may be combined with your selections from the "General Listings" to qualify for quantity discount.

40c each. Three of one variety \$1.00. Twenty-five or more all different or in groups, 30c each.

- WINNIESHIEK** - Rich blue and purple bicolor.
- WONDERCHILD** - Deep pansy-purple.

THE 100 FAVORITE IRISES OF 1952.

The thirteenth annual symposium of the American Iris Society has been prepared on an entirely new basis. In previous years only the judges of the Society voted. This year all of the members of the Society were invited to take part and over eleven hundred members sent in their lists of 100 favorites. It is interesting to note that this symposium made by the members, and that of last year made by 262 judges, are very nearly alike. While the rank varies in some instances, the lists as a whole contain the same varieties. Ninety-three varieties on the 1951 list are included in the 1952 list.

DYKES MEMORIAL MEDAL

Often referred to as "the aristocrats of irisdom", winners of this medal are much sought after by collectors and iris enthusiasts. We list all varieties that have won the "Dykes Medal" from the American Iris Society, and also include some that have won a similar award in England and France. For easy reference we repeat them in chronological order.

American Iris Society Dykes Medal Awards
